1. The following is a SUPPLEMENTAL Examiner's Statement of Reasons for Allowance:

The prior art of record fails to teach or fairly suggest a system for connecting a plurality of electronic mail systems each of which transmit originated information from an originating processor to a destination processor comprising an interface switch, coupled to each of the plurality of electronic mail systems, for receiving the originated information from the originating processor in one of the electronic mail systems for transmission to the destination processor in another of the electronic mail systems and an RF information transmission network for transmitting the originated information from the interface switch to the destination processor by RF transmission, and wherein each of the plurality of electronic mail systems transmits other information from its originating processors to its destination processors through a wireline without using the RF information transmission network.

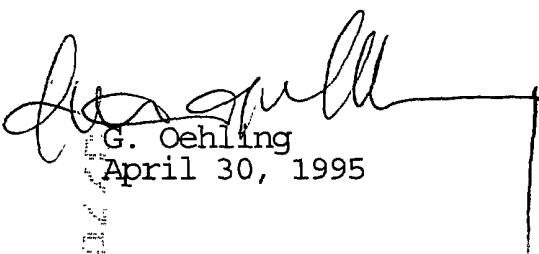

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
